COMO PREMIUM COMFORT ALUMINUM LEG-ON-LEG STACKERS

MTS Como Premium Comfort Aluminum Stackers feature lightweight, high-strength aluminum alloy frames. The contoured silhouette style backs have no exposed fasteners, giving Como a clean, finished appearance. Como Stackers are big on comfort, too, with a flexible lumbar support and our unique COMFORTweb® seating system that combine to provide extended seating comfort. Frames shown with reeded profile (PC-27/x). Also available with smooth profile (PC-28/x). All models available with **optional COMFORTflex® seat and back system**. Specify CF in place of PC in model number. All Como models stack at least 10 high.

Arm Chair Option

Many Omega series stackers are available with arm option. Specify AR after model number. Overall width is 23", arm height is 26".

Optional COMFORTflex®

The COMFORTflex® seating system comes standard with our patented COMFORTflex® back as well as a contoured COMFORTweb® seat with upgraded COMFORTbliss™ foam and triple-stitched French seams.

Premium Comfort Option

The Premium Comfort (PC) Package from MTS is the best value upgrade on the lightest-weight, steel-framed banquet chair in the industry. Standard with a contoured back with lumbar support and a COMFORTweb® seat with upgraded COMFORTbliss™ foam, the PC package truly delivers premium comfort for your guests. Standard with a 12-year structural frame warranty.

SALON SERIES

High-strength, lightweight aluminum alloy-framed dining chairs nest six high, or up to 10 high with an optional pullover seat. All Salon models are available in optional banquet chair width to accommodate 10 chairs around a 60" round table or 12 chairs around a 72" round table. Add N to the end of the product number.

ÉLAN LEG-ON-LEG STEEL-FRAMED STACKERS

All élan Stacking chairs feature our COMFORTflex® back that utilizes a high-strength aluminum alloy spring that allows the back to flex as the person seated moves or applies pressure to the back. Stack chair models stack safely, leg-on-leg, up to 10 chairs high, protecting the upholstery from damage. Our élan stackers with 500 Series steel bases are available with optional flat or contoured COMFORTweb® seats.
